

SIVA SETHU SARAVANAN S

Senior Flutter Developer & Full-Stack System Architect

📍 Kanyakumari, Tamil Nadu • 4+ Years Experience • Android · iOS · Web · Backend Systems

PROFESSIONAL SUMMARY

Results-driven Senior Flutter Developer and Team Lead with 4+ years of experience building production-grade cross-platform applications and distributed backend systems. Expert in Clean Architecture, Bloc/Cubit state management, and end-to-end app delivery. Expanded into backend system design: Node.js microservices, PostgreSQL (Supabase), Redis caching, RabbitMQ message queuing, API gateways, and object storage — deployed on Render with CI/CD pipelines. Currently upskilling in Go (Chi) and Next.js. Proven track record leading teams and bridging business requirements with scalable technical architecture.

PROFESSIONAL EXPERIENCE

Flutter Application Developer — Team Lead *May 2024 – Present*

Technow Innovations Private Limited | Kanyakumari, Tamil Nadu · Full-time

- ▶ Lead a team of Flutter developers delivering production-ready Android, iOS & Web applications on time
- ▶ Architect scalable apps using Clean Architecture, Bloc/Cubit, and modular microservice-aligned design patterns
- ▶ Designed and implemented distributed backend systems: Node.js microservices, PostgreSQL via Supabase, Redis caching, RabbitMQ message queuing, API Gateway layer, and S3-compatible object storage
- ▶ Deployed full-stack systems on Render with automated CI/CD pipelines using GitHub Actions
- ▶ Developed LIMS, CRM, and E-commerce platforms deployed and actively used by enterprise clients
- ▶ Built and integrated custom Flutter plugins and Android SDKs via platform channels (Java ↔ Flutter)
- ▶ Managed full Play Store & App Store release pipeline including signing, compliance, and phased rollouts
- ▶ Conducted architectural reviews, code reviews, and mentored junior developers on system design principles

Mobile Application Developer *Jun 2023 – May 2024*

Fangage Labs Private Limited | Chennai, Tamil Nadu · Full-time

- ▶ Built and launched Fangage entertainment streaming platform for Android & iOS
- ▶ Delivered 3 production apps across both platforms within a single year — awarded Star Flutter Developer
- ▶ Implemented advanced state management (Bloc/Provider), REST API integration, and full Firebase stack (Auth, FCM, Firestore, Analytics)
- ▶ Integrated Google Analytics and Firebase Analytics for user behaviour tracking and funnel monitoring
- ▶ Applied MVC and clean design patterns across a shared multi-platform codebase

Software Engineer Trainee *Jul 2022 – Jun 2023*

Fangage Labs Private Limited | Chennai, Tamil Nadu

- ▶ Built strong foundation in mobile development, Dart/Flutter, and UI/UX design principles
- ▶ Contributed features to live production applications from day one
- ▶ Explored blockchain development with Solidity and JavaScript for Web3 integrations

TECHNICAL SKILLS

Mobile	Flutter (Advanced), Dart (Advanced), Android SDK, iOS SDK
State Management	Bloc, Cubit, Provider, Riverpod
Backend & APIs	Node.js, REST API Design, Microservices Architecture
Frontend Web	HTML/CSS Currently Learning: Next.js, React
Databases	PostgreSQL (Supabase), Firebase Firestore & RTDB, MongoDB, Redis (Caching)
Message Queue	RabbitMQ (Broker & Consumer), Event-Driven Architecture

Cloud & Storage	Firebase (Auth, FCM, Analytics, Cloud Functions), Object Storage (S3-compatible), Firebase Hosting
API Gateway	Gateway Layer Design, Rate Limiting, Routing
DevOps & CI/CD	GitHub Actions, Render Deployments, iOS TestFlight, Unit & Integration Testing
Architecture	Microservices, Clean Architecture, MVC, MVVM, Modular Design
App Distribution	Google Play Store, Apple App Store, App Signing & Compliance
Blockchain / Web3	Solidity (Basic), Web3 API Integration, Wallet Integration
Tools & Workflow	Git, GitHub, Jira, Agile/Scrum
Currently Learning	Go (Chi Framework), Next.js, React

EDUCATION

Bachelor of Engineering – Electronics & Communications Engineering

Einstein College of Engineering | Aug 2018 – Jun 2022 *CGPA: 8.5 / 10*

HONORS & AWARDS

★ **Star Flutter Developer** | Fangage Labs Private Limited · August 2023

Awarded for delivering 3 production apps for iOS and Android within a single year.

🏆 **Discipline Student Award** | Einstein College of Engineering · March 2022

KEY HIGHLIGHTS

- ▶ 4+ years of professional Flutter development experience across enterprise and consumer apps
- ▶ Full-stack system design expertise: microservices, Node.js, PostgreSQL, Redis, RabbitMQ, API Gateway, object storage
- ▶ Successfully led a team and delivered production apps from architecture through App Store deployment
- ▶ Star Flutter Developer — 3 production apps delivered in one year at wowTalkies
- ▶ Hands-on with LIMS, CRM, E-commerce, and entertainment domains with real enterprise clients
- ▶ Strong DevOps culture: CI/CD, GitHub Actions, Render deployments, automated testing, and release management
